About Pearson

At Pearson, home of Maskew Miller Longman and Heinemann, we're here to help people make progress in their lives through learning.

We believe that quality education is the key to shaping a better tomorrow. By enabling better learning and helping to remove barriers to a quality education, we empower learners to build a better life for themselves and those around them.

That's why, at Pearson, we provide trusted CAPSapproved textbooks, digital and supplementary resources, services and support, and professional development courses, to make learning more engaging, effective and accessible.

We create content in all 11 official languages and have a footprint in all 9 provinces. Our unique insight and local expertise comes from our long history of working closely with the Department of Education, teachers, learners, researchers, authors and thought leaders.

We have a clear vision – to use learning to empower human progress; from reading your first book as a child to starting your first job, continually learning to improve your life.

We are committed to be your trusted partner in education to shape the future of learning and make a positive impact.

Every day all over South Africa, our products and services help learning flourish. Because wherever learning flourishes, so do people.

Our commitment to learning

The challenge for education is not just about providing access, but also ensuring progress.

For Pearson, providing great products and services is just the beginning. It's important for us to know that they are working. Everything we do is driven by its measurable impact on learning outcomes.

We call this efficacy.

By focusing on the efficacy of our products and services, we can see exactly how effective they are at producing successful outcomes for learners. This involves continually measuring, assessing, and improving everything we do and putting the learner at the heart of our learning solutions.

We work with educators and learners to continually improve our products and services, ensuring they have the most positive impact on learning. In this way, we're able to deliver better education to more people – whatever, whenever, wherever, and however they choose.

Our strategic partners

Our dedication to creating positive social impact shapes everything we do, from our products and strategies to the way we engage with our millions of learners, partners, and communities around the world.

Sphere Holdings (Pty) Ltd

Sphere is committed to positioning Pearson South Africa, not just as an educational supplier, but to partner with government as a responsible citizen and leverage Pearson's capabilities to address some of these seemingly intractable challenges in the country; literacy and unemployment.

We are fortunate to have found B-BBEE partners who share our passion and commitment to education and will enable us to continue to positively impact many thousands of learners across South Africa.

Sphere Holdings is excited to be part of an enterprise whose key focus is on improving knowledge and education in South Africa. The relationship with Pearson South Africa aligns this imperative with their passion for delivering meaningful interventions for change.

MET is a SACE accredited provider and works to support the Department of Basic Education and its policies by focusing on building capacity within the education system to enable and support the meaningful implementation of the Department of Basic Education's learning-centred, participatory, problem-solving approach to teaching and learning.

In the past two years, the team's work, led by Trust Director Dr Veronique Genniker and Research and Development Manager Dr Nadeen Moolla, has received three global awards, and are being recognised locally and internationally. The Department of Basic Education issued a letter acknowledging MET as a valuable partner and endorsed the importance of its work and valuable assistance in providing quality professional development and support to deep rural schools.

Marang Education Trust

We work to identify and remove barriers to education for those most in need to enable learners to reach their full potential.

Through research, engagement and development at the coalface of education, the school and the classroom, the Marang Education Trust (MET) in partnership with Pearson South Africa, has focused on best practice as an approach to improving the quality of teaching, learning and school management in South Africa.

We look forward to working with Pearson to adapt their unparalleled global education expertise, content and services to meet the needs of South African learners, teachers, education departments and schools.
